Siamo lieti di presentare una collezione di vini accuratamente selezionati sul territorio regionale e nazionale, accogliendo con favore l'opportunità di assistervi nella vostra scelta.

Si prega di notare che le annate possono variare. Le bottiglie sono da 75 cl, se non diversamente indicato. Per bottiglie non indicate nella carta, il servizio è disponibile con un supplemento di € 50, ogni 0,75 l di vino.

Per questioni logistiche non abbiamo la possibilità di conservare bottiglie aperte, in ogni caso offriamo il servizio in camera gratuito delle medesime

We are pleased to present a collection of carefully selected wines from the regional and national territory, gladly welcoming the opportunity to assist you in your choice.

For logistical reasons we do not have the possibility to store open bottles, in any case we offer free room service

Please note that from time to time vintages may vary. All bottles are 75 cl unless otherwise stated. We are pleased to offer wine service, for bottles not represented on our list, for a € 50.00 fee, per 0,75 l of wine.

Coravin è un sistema di mescita brevettato negli Stati Uniti che ci permette di servire qualsiasi vino al bicchiere, in qualsiasi momento ed in qualsiasi quantità, senza dover stappare la bottiglia.

Coravin is a U.S.-patented pouring system that allows us to serve any wine by the glass, at any time and in any quantity, without having to uncork the bottle.

Siamo quindi lieti di proporvi la nostra selezione di vini al calice ed assistervi nell'abbinamento alle prelibatezze del territorio per esaltare ulteriormente il gusto e gli aromi dei calici.

We are therefore pleased to offer you our selection of wines by the glass and assist you in pairing them with local delicacies to further enhance the taste and aromas of the glasses.

Vie Di Romans

I Climat
(Chardonnay)

For more than thirty years now, Vie di Romans has been vinifying its own estate-grown grapes, in this way respecting, and therefore expressing, their respective vineyards of origin. Our Piere, Vieris, Vie di Romans, Ciampagnis, Dessimis crus, and others, embody the sensory quintessence of their grapes of origin, each with its own recognisable, and consistent historical character. By adopting the traditional Burgundian term climat, we wanted to underscore, in the clearest way possible, the relationship of wine to its terroir—in our case, to its micro-environment, constituted by a homogeneous matrix of soil and climate. Every individual terroir provides a certain variability: it is up to the winegrower's decision whether to capture its unique essence or to utilize it in a more generic fashion. The six different climat wines are sourced from specific parcels within the two crus vineyards of Vie di Romans and Ciampagnis, and they bear the names of the families that in the distant past cultivated those vineyards. In the past, local properties were very parcelled, and, in contrast to today's custom, were cultivated for generations by the same family or owner.

Argiolas

Argiolas is the foremost wine estate on the island of Sardinia producing archetypal wines from native varieties. Antonio Argiolas, who died in 2009 at the age of 102, inherited seven acres of vines from his father in 1938 and was the first on the island to convert to modern viticulture to pursue quality over quantity. His sons, Franco and Giuseppe, replanted the vineyards in the 1980s with the goal of reducing yields and focusing exclusively on Sardinian grapes. Joined by enologist Mariano Murru, the Argiolas family is today recognized as Sardinia's leading wine producer.

Tenuta Asinara

The Tenuta Asinara was a life choice of the Sassu Family. Born from the desire to give this area its highest expression, contributing to conservation of the species of the white donkeys and producing great wines. We would like to demonstrate that our land has within itself this great calling. It's a challenge that requires time, patience and commitment. It is a series of landmarks, such as the birth of our wine, Herculis, a Bordeaux bottle with the ancient name of Asinara. The other wines all follow in suit: Birbante, a sparkling wine produced in accordance with the wisdom of the vintner, with the bunches from the late thinning. Then Indolente Rosso, a Cannonau, and Indolente Bianco, our vermentino. They have names that allude to the musicality of the Sardinian word for donkey, su molente. We produce them with the same spirit that animates these animals – with patience, work and proverbial stubbornness.

Our most recent creation is Hassan, a Bordeaux blend plus cannonau that has been aged in barrique for 14 months. This wine is named after the third king of Algiers, the Handsome Hassan.

Born in the legendary island of Asinara, he was kidnapped by the Turkish pirates. Their chief Kheir-ed-Dinn, known as Barbarossa, was captivated by this young man, and became his stepfather. He lived and died in Algiers facing his life with bravery and kindness. We use the same grapes, dried in cellars for 5 months before vinification, to produce Hassan Passito, which is kept in barriques for three years.

Tenuta Luce
(Sangiovese, Merlot)

The history of tenuta Luce starts in the early Nineties when Vittorio Frescobaldi and Robert Mondavi chose Montalcino, a land known for its vocation for viticulture, and decided to join their experiences and start a visionary project: to make a wine that would go beyond the borders of tradition, but without denying it. Right from the start, they were supported by their respective sons, Lamberto and Tim, both young oenologists. The experience acquired since the Seventies with the vineyards of Merlot planted in these plots, and the knowledge of their expressive uniqueness proved to be essential. Luce, the wine from which it all began, was conceived as the harmonious meeting point between the elegance and the structure of Sangiovese, the local native varietal, and the roundness of Merlot.

Luce's first harvests, in 1993 and 1994, were presented together in 1997, immediately stimulating curiosity and interest. The project continued to grow, developing over the years: two acquisitions between 2001 and 2016, new vineyards, new challenges. In 2005, when the joint venture with Mondavi ended, Lamberto Frescobaldi took the helm, directing the production. Other wines, over the years, joined Luce: in 1998 Lucente was presented, the second wine of Tenuta Luce. In 2003 Luce Brunello was born. Finally, with the 2015 harvest, Lux Vitis came to life. At the core of Tenuta Luce's philosophy is the idea that wine should be the most natural expression of the lands where it is produced and the grapes from which it is obtained: the result of a perfect balance between grape variety and territory. Each human intervention takes place in a minimal and non-invasive form, with the main objective of protecting this harmony.

Tenuta Guado al Tasso

The Guado al Tasso estate is located in the small but prestigious Bolgheri DOC, on the coast of upper Maremma, about one hundred kilometers southwest from Florence. This appellation has a relatively recent history, DOC Bolgheri was approved in 1995 and since then it has become an internationally recognized reference point for the Italian and international winemaking arena.

The estate covers an area of 320 hectares (790 acres) planted with vines, set in a beautiful plain encircled by rolling hillsides known as the "Bolgheri Amphitheatre" due to its particular shape.

The vineyards are planted to Cabernet Sauvignon, Merlot, Syrah, Cabernet Franc, Petit Verdot and Vermentino Nero and Bianco. The nearby sea provides a mild climate with constant breezes that mitigate summer heat and alleviate harsh winter weather, maintaining a clear sky and a high level of sunlight exposure.

Matarocchio

Il Matarocchio was inspired by the desire to create, at the Guado al Tasso estate, a wine that was the maximum expression both of a single grape variety and a single vineyard plot. Il Matarocchio was born precisely from one of these sites and is a wine of great elegance and depth, one which springs exclusively from its source of origin and from a remarkable vintage such as 2007.

Tua Rita

In 1984 Rita and Virgilio realized their lifelong dream purchasing the property that became Tua Rita. The landscape and buildings on this property were a mere setting for living in contact with nature whilst farming their beloved land. Their overwhelming passion for wine actually changed their plans.

The original two hectares of vineyards have been cultivated meticulously since the beginning, this rigorous and passionate care collocated Tua Rita among the most successful producers labeled as “vins de garage”. In less than a decade they had extended the property up to nine hectares, then twenty; nowadays the totality of the planted vines includes thirty hectares.

Growth has been driven by Rita and Virgilio’s enduring enthusiasm and an ever-deepening awareness of the potential of this estate in the area, between the Tyrrhenian Sea and the Colline Metallifere, known as Val di Cornia.

On one hand the estate and the cellar had been steadily growing driven by Rita and Virgilio’s extreme commitment. On the other hand thanks to Stefano Frascolla, married to the owners’ daughter Simena, the winery’s brand awareness was expanding rapidly. Simena also got involved in the family-run business after Virgilio’s death in 2010.

The estate’s name derives from the inversion of Rita Tua’s first and last name.

The Frescobaldi Family

For 700 years the Frescobaldi family has combined tradition, experience and innovation with creativity and the pursuit of excellence. The family has always looked to develop and celebrate the diversity of Tuscany's terroir, being proud owners of some of the greatest vineyards in this region.

They always seek to maintain the identity and autonomy of each property. ORNELLAIA, perceived as one of the world's iconic wineries, has flourished under the Frescobaldi family's ownership. It is just one of the estates owned by the family alongside ATTEMPS (Friuli), MASSETO, DANZANTE, LUCE DELLA VITE and the six FRESCOBALDI Estates, Nipozzano, CastelGiocondo, Pomino, Ammiraglia, Castiglioni and Remole.

Tenute San Guido

Tenuta San Guido is named after the Saint Guido della Gherardesca who lived during the XI century. It is located on the Tyrrhenian coast, between Leghorn and Grosseto, in Maremma an area made famous by Italian Nobel prize winner Giosuè Carducci, and it stretches for 13 km from the sea to the hills.

Three are its defining characteristics: the Sassicaia wine, the Razza Dormello-Olgiate thoroughbred studfarm and the Bird Sanctuary Padule di Bolgheri. They divide the estate between the Padule on the coast, the horse's training grounds on the plain, and the vineyards planted up to 350 meters on the hills. The latter have been given their own DOC, the DOC Bolgheri Sassicaia, the first, and so far only case in Italy of a DOC contained in one estate.

Tenuta Tignanello

The Tenuta Tignanello estate is in the heart of Chianti Classico, in the gently rolling hillsides between the Greve and Pesa river valleys. It extends over an area of 319 hectares (788 acres), of which about 130 (321 acres) are dedicated to vines. Two of the estate's prized vineyards are on the same hillside, Tignanello and Solaia, on soils that originated from marine marlstone from the Pliocene period rich in limestone and schist. The vines enjoy hot temperatures during the day and cooler evenings throughout the growing season. The estate's two signature wines, Solaia and Tignanello, are produced from these vineyards and have been defined by the international press as "among the most influential wines in the history of Italian viticulture". According to Marchesi Antinori, Solaia and Tignanello are an ongoing challenge and a never-ending passion. The Tignanello estate has vineyards of indigenous Sangiovese grapes as well as some other untraditional varieties such as Cabernet Franc.

Masseto

History

This prestigious winery was founded by Lodovico Antinori, a man of some pedigree in Tuscany, his aunt having been wife to Marchese Mario, the man who at the Sassicaia estate was responsible for beginning the Super-Tuscan movement. He began as a winemaker in California, but returned to his native homeland in 1981. Having inherited a plot of marshy Maremma coastland from his mother, Antinori began creating his wines in the Super-Tuscan mould, eschewing native varieties like Sangiovese for those more typical of Bordeaux. He cultivated Cabernet Sauvignon, Merlot and Cabernet Franc and released the first vintage of his flagship wine, Ornellaia, in 1985. The Merlot was planted as an experiment and in an effort to differentiate his estate from Sassicaia, the original Super-Tuscan where Lodovico Antinori's brother Piero was a highly successful consultant.

The wines were catapulted into worldwide fame in very little time, and Antinori found further success in the launch of Masseto, a single-vineyard pure Merlot wine. In 1997, a second wine was introduced in Bordeaux-fashion and the quality of Ornellaia was boosted to such a degree that Decanter made it their 'Wine of the Year' the following year. Robert Mondavi became a minority shareholder in 1999, but soon took over the estate in its entirety due to Antinori's wish to move onto other projects. A leading Tuscan wine family, Frescobaldi became Mondavi's partners in 2002 and three years later gained outright control of the estate. Today the wines, made under the watchful eye of Axel Heinz with consultation from famed Bordeaux oenologist Michel Rolland, continue to enjoy worldwide success, with more than two thirds of production destined for export to overseas markets.

Wine Overview

This single-vineyard Merlot cuvee is produced in much smaller quantities than its older brother, commanding around 3 times the price of Ornellaia on average. First appearing in 1986 (though first vintage was named simply 'Merlot'), clay-rich soil is responsible for the creation of a rich, opulent and seductive wine which enraptures the senses with black cherries and dark chocolate aromas. Finessed, balanced acidity with a hint of citrus on the finish reveals the Italian influence on this cuvee of French Merlot. Now the strongest performer within the Liv-ex Super Tuscan 50, the status that Masseto holds has led it to be nicknamed 'Italy's Petrus', reflecting the prices and scores it can achieve in truly great vintages such as 2006 and 2015.

Angelo Gaja
Ca' Marcanda

After his native Piedmont, Angelo Gaja was compelled to risk starting something new – all at a time in life when most would have rested on their laurels. Inexorably drawn by a unique piece of land and the promise of his dream – to bring his winemaking expertise to Maremma – Angelo made the long drive from Barbaresco to Bolgheri. After Pieve Santa Restituta in 1994, Angelo Gaja purchased a second Tuscan property, naming it “Ca Marcanda” in 1996. Located in Castagneto Carducci in Bolgheri, the family set about planting the property with international grape varieties.

Angelo Gaja Collection

One of most prominent names in the Italian wine scene, highly regarded to be the greatest Barbaresco producer in the country, Gaja is based in Piemonte, a region in the north of Italy. Piemonte has a long and remarkable history that determined the prestige and notability that characterise Gaja bottlings today.

Founded in 1859 by Giovanni Gaja, the winery's story began when the Gaja family moved to Italy from Spain and opened a tavern serving their wine alongside with food. It was at the end of the 19th century that the Gaja wines started being bottled for the Italian Army. Driven by the desire to be different, the grandson of the founder, another Giovanni Gaja, decided to put the 'Gaja' name on the bottle labels in 1937. After the Second World War, Giovanni purchased their first vineyards in the Barbaresco and Barolo districts in Piemonte, prompting the continued growth of Gaja. It was the pivotal influence of Clotilde Ray, mother of Giovanni, that pushed Gaja toward a focus on high quality employing the highest of standards in every aspect of wine production and seeking high prices to reflect the prestige and value of the Gaja brand.
