### WANDERSPA MENU

The Naturalis WanderSPA concept was born in 2022. "Sometimes you have to get lost to find yourself again"... and so, inspired by the wonder of nature and the magic of the masseria, the idea of a Widespread SPA was born. At Naturalis you wander through fields and herbs, you wander and let your own self be carried away by scents and sounds that offer a surprising space to resonate with nature and with yourself. In English, the word wander is often mistaken for the word wonder. Thus, Naturalis plays with the potential misunderstanding, and invites its search to free interpretation, to wander aimlessly, but with a deep sense of purpose rooted in the quest for well-being. This leads each WanderSPA guest to experience strong emotions of surprise and amazement. Each experience is unique and created in symbiosis with the signature production of natural and organic cosmetics by the mother company N&B. The rituals and journeys offer the ultimate expression of the Naturalis vision and each one is characterised by a space, a gesture, a scent, a product, a moment... expressing a concentration of pure magic.

### WANDERSPA MENU

Nel 2022 nasce il concept WanderSPA di Naturalis. "A volte bisogna perdersi per ritrovarsi"... e così, ispirati dalla meraviglia della natura e dalla magia della masseria che la ospita, nasce l'idea della SPA diffusa. A Naturalis si passeggia tra prati ed erbe officinali, si vaga e ci si lascia trasportare da profumi e suoni che offrono un sorprendente spazio per entrare in risonanza con la natura e con sé stessi. In inglese, la parola wander è spesso scambiata per la parola wonder. Così, Naturalis gioca con il potenziale equivoco, e invita i suoi ospiti alla libera interpretazione, a vagare senza meta, ma con un profondo senso di scopo radicato nella ricerca di benessere. Questo porta ogni ospite di WanderSPA a provare forti emozioni di sorpresa e stupore. Ogni esperienza è unica e creata in simbiosi con la produzione signature di cosmetici naturali e biologici dell'azienda sorella N&B. I rituali e i percorsi offrono la massima espressione della vision Naturalis e ciascuno è caratterizzato da uno spazio, un gesto, un profumo, un prodotto, un attimo... che esprime un concentrato di pura magia.
