LIFESTYLE SUITES ROME

"We believe true luxury comes from small details that shine throughout our whole project. From the attention to detail of our incredible staff, to the custom design of every room, to even the simple pleasure of finding yourself in a location unlike any other. This is our interpretation of what true luxury is supposed to be."

Lifestyle Suites Rome is co-founded by an entrepreneurial couple who found love in the heart of Rome; Alberto & Giovanna's fairytale project is a unique venture to re-imagine luxury.

Lifestyle Suites Rome

Why you'll be back for more...

The Lifestyle Suites Rome is a boutique hotel located in the heart of Rome, exactly in Navona Square. It rises in a majestic and ancient noble palace that dates back to 1440 A.D. overlooking Bernini's Fountain of the Four Rivers and Borromini's Church of St. Agnes in Agony. On the very same spot where the hotel is situated, there used to be the Domitian Stadium from the Ancient Roman Empire, hints of which are still visible in the remaining columns along the stairway to the Lifestyle Suites' reception. This gives you a taste of the history and culture that envelops your honeymoon venue.

The hotel consists of 13 different luxury suites, each one custom designed with a unique theme, décor, and distinct features. They are the perfect combination of historical charm, ultimate comfort, and the luxury of the most modern technologies you'd come to expect from top rated hotels today.
