

STROMBOLI

STROMBOLI

Lo Stromboli takes its name from the island that stands out on the horizon and, from here, always remains before your eyes like a familiar presence, while the sea carries with it light, air, and that constant movement that makes every moment of the day different from the one before.

Sitting here means slipping into a simple and natural rhythm, shaped by tables overlooking the water, time flowing gently, and a cuisine inspired by what the local area has to offer.

It is the perfect place for a quick break after the beach, for a light lunch that leaves room for the rest of the afternoon, or to allow yourself the pleasure of lingering a little longer, while your gaze keeps returning, almost unconsciously, to the spectacular silhouette of the volcano rising above the water.
